Predeclared secondary Coulomb ODE: diagnostic only, no model selection
left_nominal30: continuous secondary ODE RMS 2.88°, P95 5.7°
Recorded raw encoder
Predeclared Coulomb ODE, one initialization
Raw θ − hanging branch (°)
Seconds from annotated interval start
right_nominal60: continuous secondary ODE RMS 3.90°, P95 8.3°
Raw θ − hanging branch (°)
Seconds from annotated interval start
left_nominal60: continuous secondary ODE RMS 7.57°, P95 12.6°
Raw θ − hanging branch (°)
Seconds from annotated interval start
